

# Capability in infectious diseases research

CORE COMPETENCIES

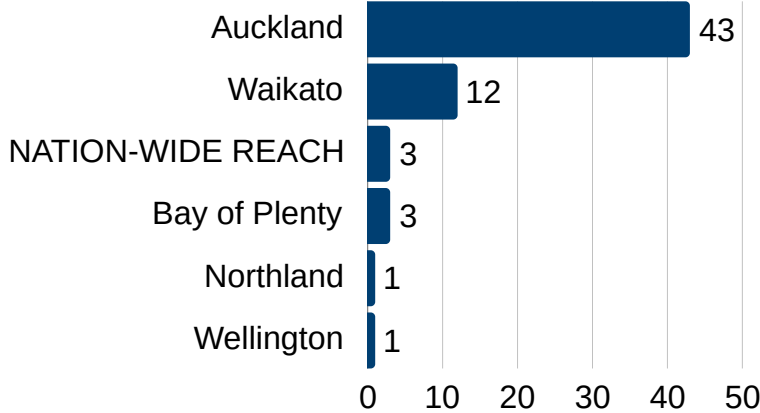

National-wide reach across all projects 104 nodes

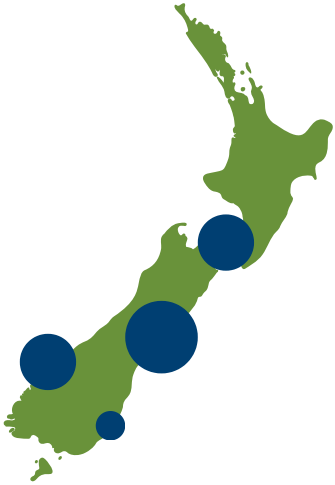

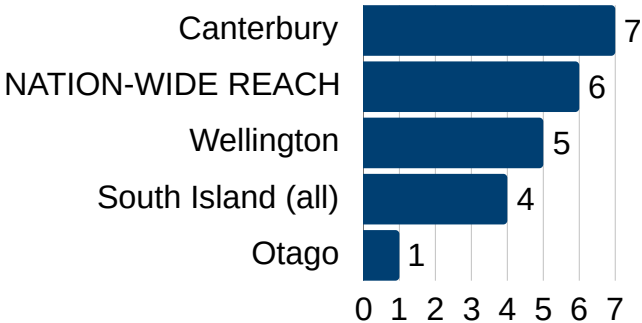

## Top 5 projects for national network size

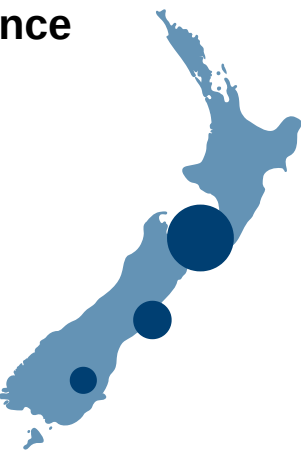

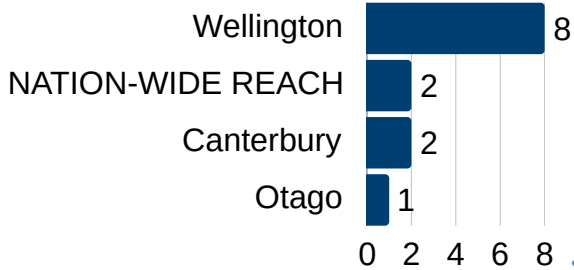

Preschool wheeze respiratory infections

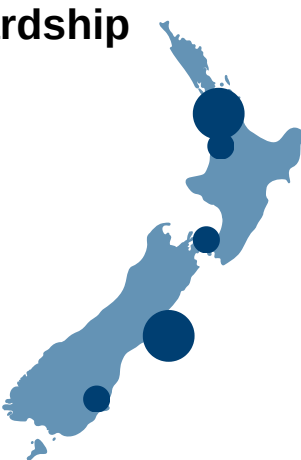

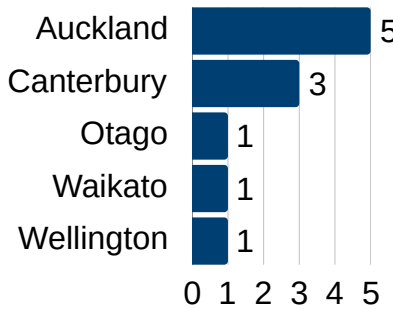

Water-borne disease from drinking water

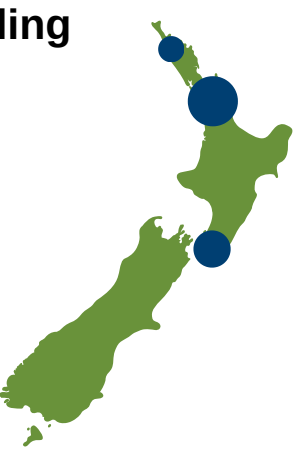

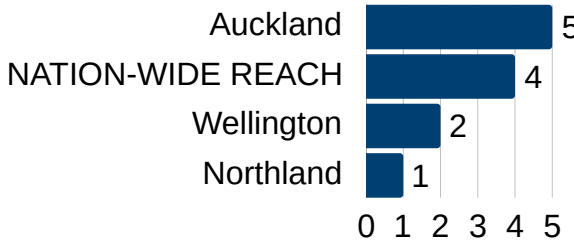

Pharmacy-based ILI surveillance

Antimicrobial stewardship

Infectious disease modelling

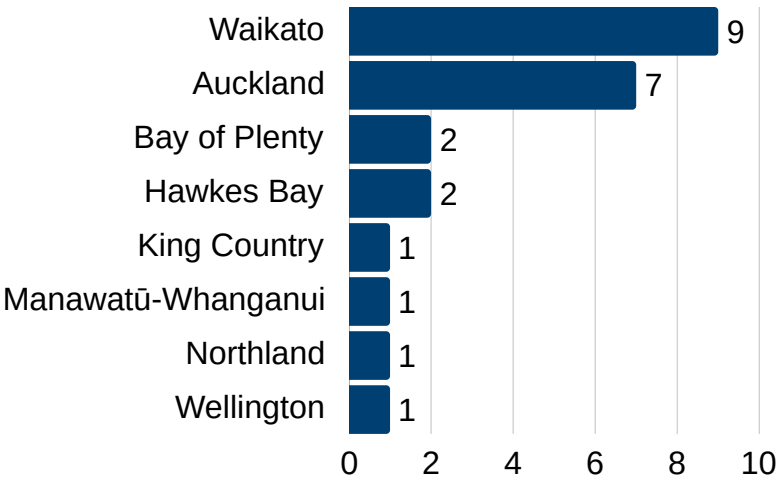

# Te Niwha enables building of core competencies for pandemic preparedness across the regions

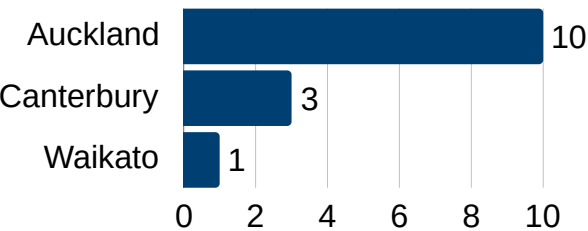

## 3 MAIN TYPES OF REGIONAL RESEARCH PARTNERS

(per location)

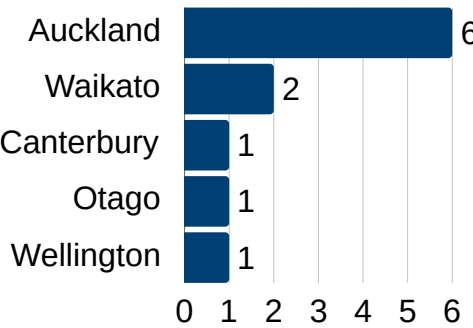

### Health care services (24)

### Schools (14)

### Support for groups (11)

## REGIONAL IMPACT

### NORTHLAND

Infection Prevention and control 8  
Surveillance 6  
Te Ao Māori 2  
Healthcare capacity 1

### WAIKATO

Surveillance 28  
Infection Prevention and control 14  
Vaccines & vaccination 14  
Te Ao Māori 13  
Healthcare capacity 13

### KING COUNTRY

Te Ao Māori 2  
Vaccines & vaccination 2

### TARANAKI

Infection Prevention and control 1  
Surveillance 1

### MANAWATŪ-WHANGANUI

Surveillance 6  
Infection Prevention and control 3  
Te Ao Māori 1

### AUCKLAND

Infection Prevention and control 37  
Surveillance 33  
Healthcare capacity 28  
Te Ao Māori 9  
Vaccines & vaccination 9

### BAY OF PLENTY

Infection Prevention and control 3  
Surveillance 3

### HAWKES BAY

Infection Prevention and control 4  
Surveillance 4

### RUAPEHU

Infection Prevention and control 1  
Surveillance 1  
Te Ao Māori 1  
Vaccines & vaccination 1

### WELLINGTON REGION

Infection Prevention and control 10  
Surveillance 8  
Vaccines & vaccination 5  
Healthcare capacity 3  
Te Ao Māori 1

### CANTERBURY

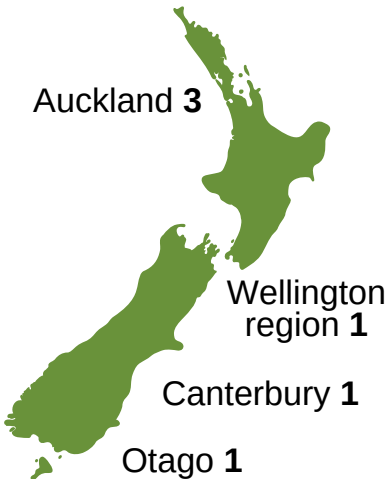

Infection Prevention and control 4  
Surveillance 4

### OTAGO

Surveillance 2  
Healthcare capacity 1

Shown are the top 5 core competencies and Te Ao Māori

## PACIFIC PEOPLES RESEARCH PARTNERS IN AOTEAROA

National-wide reach 5

Number of Pacific Peoples/Groups in NZ

## Partnering with Pacific People in Aotearoa to build core competencies

Therapeutics	6
Laboratory capability	5
Genomics	1
Surveillance	1
